- ▶ Software engineer from Bergen University College (HiB)
- ▶ Worked as a web developer and project manager
- ▶ Web: <https://www.geek.no>
- ▶ Email: lasse.hagland@noroff.no
- ▶ Discord: *xiaolasse (Lasse Hægland on Noroff-FEU)*
- ▶ GitHub: *mitthrawnuruodo*

«Front-end web development, also known as **client-side development** is the practice of producing **HTML, CSS and JavaScript** for a website or Web Application so that a user can see and interact with them directly.»

LISTEN TO THIS JOB AD:
I NEED A SITE BUILT BY
THE END NEXT WEEK.

I'M LOOKING FOR A
FREELANCE WEB DESIGNER
WHO IS GREAT IN
PHOTOSHOP, HTML/CSS,
JAVASCRIPT, UNDERSTANDS
DRUPAL AND HAS EXTENSIVE
EXPERIENCE IN SEO AND
BUILDING PAID SEARCH
CAMPAIGNS.

HA, GOOD
LUCK
FINDING
THAT GUY.

I ALREADY
SENT HIM MY
DEFAULT EMAIL
FOR THOSE
REQUESTS.

TYPICAL SCHOOL WEEK

	Monday	Tuesday	Wednesday	Thursday	Friday
0900-1130	Studyday	Lecture	Lecture	Lecture	Lecture + Assignment
1130-1230		Lunch	Lunch	Lunch	Lunch
1230-1500		<i>Lesson Assignments</i>	<i>Lesson Assignments</i>	<i>Lesson Assignments</i>	<i>Module Assignment</i>

- ▶ If you cannot come to class, send me a message/mail:
Discord: xiaolasse / Lasse Hægland
E-mail: lasse.hagland@noroff.no

COURSE, MODULES AND LESSONS

- ▶ A **Course** is anywhere from 2 to 5 weeks in length.
- ▶ At the end of a course you have a **Course Assignment**, which needs to be passed to get the credit for the course.
- ▶ A course is divided into **Modules**, a module lasts a week.
- ▶ At the end of a Module you have a **Module Assignment**
- ▶ A Module typically contains **4 Lessons**. A lesson is a lecture, plus learning material on Moodle and a **Lesson Assignment**.
- ▶ **Pro-tip:** *If you do the Lesson Assignments, the Module Assignment gets much easier; if you do the Module Assignments, the Course Assignment also gets easier.*

1. YEAR

▶ Design 1

4 weeks

▶ Web & Communications Technology

2 weeks

MOODLE – GET ACCESS

1. To get access to the program, go to your student page at <https://student.noroff.no/s/>
2. Then click on **Moodle**
3. Login if you already have a username and password or **signup** with **your registered email**
4. Click on courses and select **Noroff Fagskole**
5. Please click on the **Applied Computing and Technology** link
6. There after click on the link that says **Front-End Development**
7. Please click on the **Front-End Development 1st Year** link
8. At the bottom of the page you will be asked to **insert an enrolment key**
9. Please enter the following enrolment key: **seahorse1sandpiper** and press enter or the **Enrole me** button

GETTING TO KNOW MOODLE

- ▶ Goto Dashboard > My courses > FEU1 (might be default)
- ▶ Find Weekly Overview (Aug 2020 onwards)
- ▶ Open the lesson AW00 - Introduction to access the introductory course: **Introduction to Front-end Development**
 - ▶ Open Lesson 1.1, and skim through
(tip: Open lessons in a new tab/window)
 - ▶ Open Assignment 1.1

DISCORD

- ▶ Discord is an **instant messaging** and VoIP application designed for creating communities ranging from gamers to **education** and businesses. Discord specialises in text, image, video and audio communication between users in a **chat channel**.
- ▶ Our text-channel: **#2020-bergen-feu**
- ▶ Noroff-FEU server: <https://discord.gg/fmjbcB>
- ▶ Join the server, DM me and I'll add you to our (private) text-channel
- ▶ **Introduce yourself (Assignment 1.1 from Moodle)**
- ▶ If you have a crazy nickname, change it to your name for the Noroff-FEU server, please
- ▶ Please add an Avatar with your face recognisable

GITHUB

- ▶ Goto <https://github.com/> and Sign up
- ▶ DM me your github nickname (on Discord)
- ▶ Go to your Profile and add a recognisable Avatar (preferably same as on Discord)
- ▶ Level 2: Go through GitHub Hello World: <https://guides.github.com/activities/hello-world/>
- ▶ *Later you will be added to a GitHub Classroom*

TODAY'S LESSON ASSIGNMENT / HOMEWORK

▶ Level 1:

- ▶ Go through AW00 - Introduction: "Introduction to Front-end Development", Lesson 1.1 through 1.4 on Moodle
- ▶ Do (at least) Assignment 1.1, and introduce yourself on the **#2020-bergen-feu** Discord channel

▶ Level 2:

- ▶ Go into AW01 - Design 1
 - ▶ See the overview video
 - ▶ Look at Lesson 1.1 - Introduction to Branding
